

National Bargaining Bulletin 2nd July 2024

**Unity
Is
Strength**

No progress likely before our ballot result

Please vote Now!

Yes to Strike Action

Yes to Action Short of Strike Action

- The NJNC met today (Tuesday). We indicated that we remained ready to negotiate should they be mandated to table an improved offer
- The Management side indicated that they had not changed their current position.
- We took an adjournment to discuss this. It was clear that there was no scope for further movement at this time.
- Whilst the Joint Secretaries will continue to have dialogue to seek a resolution there will be no NJNC meeting until after we have received our ballot result.
- A strong result will renew our negotiating strength and lead to a favourable resolution.
- We urge all members to ensure that they have returned their ballots by Monday 22nd July (please allow a few days for postal delays)

Please vote Yes to Strike Action

And

Yes to Action Short of Strike Action

You should have received your postal ballot, if not contact ballot@eis.org.uk

It is important that every member votes, if we fail to meet the threshold this could necessitate a re-ballot and a temporary loss of ASOS and a further delay in reaching a satisfactory resolution

Please contact your MSPs and ensure that they are urging the Government to put pressure on College Employers Scotland to put a fair offer on the table!
